

Horizontal Bar Plastic Connector for RA33A Channel Letter Raceway, 1 - Year Warranty

- Horizontal bar plastic connector built for RA33A raceway systems
- Molded plastic construction for mechanical joining of raceway sections
- Compatible specifically with RA33A channel letter raceway
- Backed by a 1 - year warranty
- Associated LED lifetime rating of 50,000 hours

OVERVIEW

The RA33A - Hook is a horizontal bar plastic connector designed for use with the RA33A channel letter raceway system. It functions as a mechanical joining component, securing raceway sections together in a horizontal orientation during channel letter sign installations.

The connector is molded from plastic and is intended for use as a compatible accessory within RA33A raceway assemblies. It carries a 1 - year warranty and an associated LED lifetime rating of 50,000 hours for the system it supports.
