OVERVIEW

The RASU floor lamp is a freestanding luminaire built from stainless steel and glass with a chrome body and a heavy base for stability. At 31.5 in. x 15.7 in. (80 × 40 cm), it suits lobbies, hospitality seating areas, offices and residential common spaces where a socketed decorative fixture is specified.

The fixture draws 10 W and accepts a wide 90-260 VAC input, delivering 6000 K output at 100 lm/W with a rated life of 50,000 hours. The E27 socket allows lamp selection by the installer, and fixtures with bulb sockets are dimmable when paired with a dimmable lamp and control.

Covered by a one-year warranty.
