- 6000 K color temperature through a diffusing glass shade
- Stainless steel and glass construction with chrome body finish
- E27 socket accepts field-replaceable lamps for ambiance changes
- Weighted base resists tipping in open floor locations
- 50,000-hour rated life with one-year warranty

OVERVIEW

The RASU 48 is a freestanding LED floor luminaire measuring 47.5 in by 15.7 in (121 × 40 cm), built from stainless steel and glass with a chrome body. A weighted base provides stability against accidental tipping, and the slim profile suits placement beside sofas, love seats, armchairs and side tables in hospitality lounges, residential interiors and office breakout areas.

The fixture draws 10 W at 6000 K and operates on 90-260 VAC, making it suitable for mixed-voltage installations. Rated life is 50,000 hours at an efficacy of 100 lm/W, and the E27 socket allows the lamp to be changed to adjust room ambiance. Light output is diffused through the glass shade.

Supplied with a one-year warranty.
