

Plaster Wall Lamp – Single Aperture Gypsum & Metal Fixture, White

- Constructed from gypsum and metal for a paintable plaster finish
- Single aperture design for a clean, minimal wall light profile
- White finish suited to architectural interior applications
- Compact dimensions of 9.8in x 8.2in (25 × 21cm)

OVERVIEW

The RS-PWL-ONEXA-SMALL is a plaster wall lamp featuring a single aperture design, constructed from gypsum and metal with a white finish. It is intended for architectural interior lighting applications where a clean, recessed or surface-mounted wall light profile is required, such as corridors, lobbies, and hospitality or residential spaces.

The fixture measures 9.8 in x 8.2 in (25 × 21 cm), sized for compact wall installations where a discreet plaster-finish light source is needed.
