

Trimless Plaster Wall Light, 40W Half-Moon Flush Recessed, IP20

OVERVIEW

The Viremo Trimless Wall Light (RS-PWL-VIREMO) is a recessed, flush-mount fixture constructed from gypsum and metal. Its half-moon profile integrates directly into wall or ceiling surfaces without a visible trim ring, making it well suited for residential and light commercial interiors including bedrooms, hallways, and living areas where a clean, uninterrupted surface finish is required.

The fixture operates at 40W across a 120V–240V AC input range and delivers an efficacy of 50 lm/W. Rated at 50,000 hours of service life, it carries an IP20 environmental rating, suitable for dry indoor locations only. Overall dimensions are 11 x 7.8 in (28 x 20 cm). Body finish is white.

No certifications have been confirmed in the available source data. Consult your Poli LED & Signs representative for compliance documentation and warranty terms applicable to this product.

SPECIFICATIONS
