OVERVIEW

The Daksh square step light is a low-level accent luminaire for stairwells, corridors and entry landings. The aluminum body carries embedded LEDs behind a square 2.2 in (5.5 cm) faceplate and mounts to the wall close to the floor to mark tread edges and walking paths.

Output is 100 lm at 3 W with an efficacy of 100 lm/W and a 3000 K warm white color temperature for soft ambient illumination. The driver accepts 120-240 V AC, and the LED assembly is rated for 50,000 hours of service. IP20 construction classifies the fixture as non-waterproof for dry interior locations.
