

Alabaster Marble Table Lamp, White, 7.8" Cube Form Factor

- Natural alabaster marble construction diffuses light for a soft glow
- Cube form factor measures 7.8" x 7.8" x 7.8" (20cm x 20cm x 20cm)
- White finish suits residential and commercial interior decor
- Warm white light output minimizes glare for ambient accent lighting

OVERVIEW

The RS-TL-ABAK is a natural alabaster table lamp designed for residential and commercial interior applications where ambient accent lighting is required. Its cube form factor provides a compact, architectural profile suitable for desks, reception surfaces, and hospitality environments.

Constructed from natural alabaster, the fixture diffuses light to produce a soft, warm white output with minimal glare. The stone material inherently filters the light source, resulting in a cozy, even glow appropriate for spaces where harsh direct illumination is undesirable.
