

Athena Nordic Minimalist Glass & Metal Table Lamp, 120–240V, IP20

OVERVIEW

The Athena Table Lamp (RS-TL-ATHENA) is a Nordic minimalist-style fixture constructed from glass and metal. Designed for indoor residential and light commercial applications such as bedrooms and studies, it operates on 120–240V AC and carries an IP20 environmental rating, making it suitable for dry interior environments only. The fixture measures 12 x 19 in (30 x 50 cm).

The Athena is rated at 100 lm/W efficacy and carries a rated lamp life of 50,000 hours, supporting long-term energy-efficient operation with reduced maintenance intervals. Its IP20 rating confirms it is intended for non-waterproof, indoor-only installations.

No certifications are confirmed in the available source data. Contractors and specifiers should verify applicable listing requirements prior to installation. Warranty terms are not specified in the available documentation; contact Poli LED & Signs directly for warranty details.
