

E27 Lamp Socket Holder, Plastic, Round Base, 77×40mm, IP20

- Round plastic E27 socket holder with white finish
- Constructed from plastic with metal contact components
- Compact 77×40mm (LxH) profile
- Rated for 4A maximum current draw
- IP20 rated, non-waterproof for dry indoor use
- Backed by a 1-year warranty

OVERVIEW

The S-E27-3in is a round plastic E27 lamp socket holder designed for standard E27 base bulbs. It is suited for general lighting installations where a reliable, low-profile socket mount is required. The white finish and compact round base make it compatible with a range of fixture types in residential and light commercial applications.

The socket measures 77×40mm and is constructed from plastic with metal contact components. It is rated for a maximum current of 4A and carries an IP20 rating, indicating suitability for dry indoor environments only. It carries a 1-year warranty.
