

E27 Medium - Base Socket, ABS, 120 - 240V/3A, 100°C Rated

- Constructed from ABS thermoplastic for durable housing
- Accepts 120 - 240V operating voltage for global compatibility
- Rated for 3A current draw to support standard lamp loads
- Withstands operating temperatures up to 100°C
- Backed by a 1 - year manufacturer warranty
- Product dimensions of 10 × 7 × 2 in, weighing 2 lb

OVERVIEW

The S-E27 is a standard E27 medium - base lamp socket designed for use in residential, commercial, and industrial lighting installations. Constructed from ABS thermoplastic, it provides a durable and reliable housing suitable for a wide range of lamping applications.

The socket accepts 120 - 240V input and carries a 3A current rating, accommodating most standard lamp types within that load range. It is designed to withstand operating temperatures up to 100°C, reducing the risk of thermal degradation in enclosed or high - ambient fixtures. It is backed by a 1 - year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Operating Voltage	120-240 V
-------------------	-----------

Current Draw	3 A
