

E40 to E27 Socket Adapter Converter for LED and HID Lamp Retrofits

- Converts E40 mogul base fixtures to accept E27 medium base lamps
- Compact, durable construction for a secure electrical connection
- Supports LED lamps rated for up to 50,000 hours of service life
- Backed by a 1-year warranty
- Tool-free installation without rewiring or fixture replacement

OVERVIEW

The S-E40-E27 is a socket adapter that converts an E40 mogul base to an E27 medium base, allowing E27 lamps to be installed in fixtures originally fitted with E40 sockets. It is intended for retrofit and maintenance applications where socket compatibility is required without rewiring or fixture replacement.

The adapter features a compact, durable construction designed to maintain a secure and stable electrical connection between the two socket types. Installation is straightforward, making it suitable for use by electrical contractors and facilities maintenance personnel alike.

The converter is backed by a 1-year warranty and is compatible with LED lamps rated up to 50,000 hours of service life.
