

E27 Track Light Adapter Holder, White Shell, 50000-Hour LED Life

- Accepts standard E27 base bulbs for track mounting
- White shell finish for a neutral, integrated appearance
- Adjustable positioning for directional lamp angle control
- Rated for 50000-hour LED lifetime
- Backed by a 1-year warranty

OVERVIEW

The S-TK-E27 is a track light adapter holder designed to accept standard E27 base bulbs, allowing E27 lamps to be mounted on compatible track lighting systems. It is suited for commercial and residential applications where track-mounted illumination is required, such as retail displays, office environments, and accent lighting installations. The white shell finish provides a clean, neutral appearance that integrates with most track system aesthetics.

The holder features tool-friendly installation and adjustable positioning, allowing the lamp angle to be directed as needed for the application. Rated LED lifetime for compatible lamps is 50000 hours, supporting extended service intervals in commercial fit-outs.

The product is backed by a 1-year warranty.
