

Halo Series Woven Braid Track Input Module, DC24V, IP20, Black

OVERVIEW

The S-TK-HA-BTM-BK is the input module for the Halo Series Woven Braid Track System, providing the DC power entry point for compatible braid track lighting installations. Constructed from PC material in a black finish, it is designed for use in commercial and residential environments including offices, hotels, apartments, retail spaces, and workshops.

The module operates at DC24V and carries an IP20 rating, making it suitable for dry indoor applications. It is rated for a 20,000-hour service life and is backed by a 2-year warranty.

SPECIFICATIONS
