

## Halo Series Large Fixed Node Woven Track Fitting, DC24V, IP20, Black

### OVERVIEW

The S-TK-HA-LN-BK is a large fixed node fitting for the Halo Series woven track system, designed for DC24V low-voltage track installations. Suited for commercial and residential environments including offices, hotels, apartments, retail, and light industrial spaces, it provides a clean, modern aesthetic as part of a modular woven track layout.

The fitting is constructed from PC material and carries an IP20 environmental rating, making it appropriate for dry indoor locations. Rated for a 20,000-hour lifespan and backed by a 2-year warranty, it measures 58 x 69 mm in diameter and height. Power output and optical data are not specified in available documentation.

No certifications are confirmed in the available source data. The 2-year manufacturer warranty applies.
