

Halo Series Woven Track System, DC 24V, Beige, 20m Roll, IP20

- Woven track construction in beige khaki finish
- Operates on DC 24V for low-voltage installations
- 20-meter roll length for continuous linear runs
- IP20 rated for non-waterproof, dry indoor use
- Rated for 50,000 hours of LED lifetime
- 2-year manufacturer warranty

OVERVIEW

The Halo Series Woven Track System is a flexible, low-voltage LED track channel designed for continuous linear lighting installations. Supplied in a 20-meter roll, it operates on DC 24V and is suited for architectural, retail, and commercial interior applications where a clean, integrated lighting solution is required.

The track features a woven construction and carries an IP20 rating, making it appropriate for dry indoor environments. Each roll measures 20,000mm in length with a profile of 16.5mm x 3mm, allowing for discreet installation in coves, shelving, and surface-mounted linear runs. It mounts to walls or poles and carries a rated LED lifetime of 50,000 hours.

The system is backed by a 2-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h
