

Woven LED Track System, DC24V, 20m Roll, IP20 — Orange

OVERVIEW

The Halo Series Woven Track System (WOVEN TRACK-UT16-PD-20M) is a DC24V flexible LED track supplied in a 20-meter roll. Constructed with a woven fabric material, it is suited for accent and ambient lighting applications in commercial and residential environments including offices, hotels, apartments, retail spaces, and workshops.

The system operates at DC24V and carries an IP20 rating, making it appropriate for dry indoor installations. Rated lifespan is 20,000 hours. The track measures 20,000 × 16.5 × 3 mm per roll and is available in orange.

This product carries a 2-year manufacturer warranty. No third-party certifications are confirmed in available documentation.
