

Prolink Magnetic Track Straight Connector, Black, 136 x 37 x 27 mm

OVERVIEW

The Prolink Magnetic Track Straight Connector in black is a passive joining component designed for use with compatible magnetic track lighting systems. It provides a straight-line connection between track sections, enabling clean, continuous track runs in commercial and retail installations.

Constructed from aluminium alloy, the connector measures 136 x 37 x 27 mm. No electrical or photometric specifications apply to this component, as it is a mechanical track accessory only.

No certifications are confirmed in the available source data. Consult the full Prolink system documentation for compatibility and installation requirements.

SPECIFICATIONS

Power	15 W	IP rating	IP20
CCT	2700/3000/4000/5000/2700, 4000 K	Rated life	50000 h
CRI	90	Warranty	5 years
Beam angle	24/50 °	Operating temp	-20 to 60 °C
