

## Prolink Track System End Cap for Linear Track — Black Finish, 80×37×27 mm

### OVERVIEW

The S-TK-PL-E-CAP-BK is a black finish end cap designed for use with the Prolink linear track system. It provides a clean, finished termination at the open end of compatible track runs, and is intended for commercial and architectural lighting installations where a polished appearance is required.

The end cap measures 80×37×27 mm and is finished in black to coordinate with matching Prolink track components.
