

Recessed Track End Cap, White Finish, for Recessed Track Lighting Systems

- White finish matches recessed track lighting fixtures
- Caps terminal ends of recessed track runs
- Backed by 1-year warranty
- Compatible with track systems rated for 50,000-hour LED lifetime

OVERVIEW

The S-TK3CAP-R is a recessed track end cap finished in white, used to close the terminal ends of compatible recessed track lighting systems. It provides a clean, finished appearance at the run's termination point while helping to protect internal components from dust and debris.

The cap is supplied with a 1-year warranty and is intended for use alongside track components rated for 50,000-hour LED lifetime, matching the service life expectations of the connected fixtures.
