

Black Cable Cover with 2 m (6.56 ft) Cable for 3-Wire H-Type Track

OVERVIEW

The S-TK3CV-WIRE2M-BK is a cable cover accessory designed for 3-wire H-type track lighting systems. At 2 meters (6.56 ft) in length, it conceals and routes track wiring to deliver a clean, finished installation in commercial, hospitality, or residential environments.

Constructed in a black finish, the cover is compatible with standard H-type track configurations and provides a low-profile solution for managing exposed feed cables along track runs.
