

White Cable Cover with 2-Meter (6.56 ft) Cable for 3-Wire H-Type Track

OVERVIEW

The S-TK3CV-WIRE2M is a white cable cover accessory designed for 3-wire H-type track lighting systems. At 2 meters (6.56 ft) in length, it routes and conceals track wiring to produce a clean, finished installation in both commercial and residential environments.

Constructed for straightforward installation, the cover manages exposed cables along the track run, reducing trip hazards and improving the overall appearance of the lighting system.
