

Magnetic Track Rail X Horizontal Corner Connector, Flush Mount, Black Aluminum

- Flush mount design for horizontal 90-degree corner transitions
- Aluminum construction for structural durability
- Black finish for coordination with track fixtures
- Compact 1.83 × 2.47 inch footprint
- Compatible with wall or pole mount magnetic track systems

OVERVIEW

The S-TKFT-FM3-HX is a flush mount horizontal corner connector for use with magnetic track rail systems. It creates a low-profile junction at 90-degree horizontal transitions, allowing track runs to change direction while maintaining a flush ceiling installation.

Constructed of aluminum with a black finish, the connector measures 1.83 × 2.47 inches and is compatible with wall or pole mounted magnetic track configurations. It is intended for contractors and installers working with compatible magnetic track lighting systems.

SPECIFICATIONS

MECHANICAL

Product Dimensions	1.83×2.47 inch
Finish	Black
Material	Aluminum
Mounting	Wall/Pole Mount

APPLICATIONS

- Retail ceiling track lighting layouts
- Commercial office track lighting corners
- Gallery and showroom flush track installations
- Restaurant accent lighting track runs
