

## 200W Magnetic Track Rail Power Driver, 48V DC Output, AC 90–265V Input

### OVERVIEW

The S-TKFT-PS-200W is a 200W magnetic track rail power driver designed to supply DC power to compatible magnetic track lighting systems in commercial and retail installations.

The driver accepts a wide-range AC input of 90–265V at 50/60Hz and delivers a regulated DC 48V output at a rated power of 200W, with a conversion efficiency exceeding 90%. It is rated for ambient operating temperatures up to 35°C and a case temperature up to 70°C.

No certifications have been confirmed in the available source data. Consult your Poli LED & Signs representative for compliance documentation before specifying for regulated installations.
