

Magnetic Track Rail Corner Straight Connector, Aluminum, IP20, Black Finish

- Aluminum construction for structural durability
- Black finish for consistent appearance with track fixtures
- IP20 rated for non-waterproof, indoor use only
- Rated ambient operating temperature of -10 to 40 °C
- CE certified
- Designed for corner straight transitions in magnetic track rail systems

OVERVIEW

The S-TKFT-Z-CS is a corner straight connection accessory for magnetic track rail systems, used to join track sections at corner transitions while preserving a continuous, straight-line configuration within the track assembly. Constructed from aluminum with a black finish, it provides a structural junction point for track layouts in commercial interiors.
