

## Solar LED Security Light with Motion Sensor, Waterproof, 50,000 - Hour LED Life

- Solar-powered operation eliminates grid electricity costs
- Integrated motion sensor for targeted activation
- Waterproof construction suited for permanent outdoor installation
- LED rated for 50,000 hours of operating life
- Compact fixture dimensions of 11 × 5.5 × 3.5 in
- Backed by a 1-year manufacturer warranty

### OVERVIEW

The SL-MS2 is a solar-powered LED security light with integrated motion sensor, designed for outdoor applications where grid power is unavailable or impractical. It is suited for perimeter lighting, entryways, parking areas, and other locations requiring reliable, low-maintenance illumination.

The fixture operates on solar energy, eliminating ongoing electricity costs. Its waterproof construction supports permanent outdoor installation, and the motion sensor provides targeted activation to deter unauthorized access and improve site safety. The LED source is rated for 50,000 hours of operation, reducing maintenance and replacement frequency.

The fixture measures 11 × 5.5 × 3.5 in and weighs 1.6 lb, and is backed by a 1-year warranty.

### SPECIFICATIONS

#### OPTICAL

LED Lifetime 50,000 h

#### MECHANICAL

Product Dimensions 11 × 5.5 × 3.5 in
