

## Pop-Up Outlet with Bluetooth Speaker, Wireless Charging & USB-A/C — IP44, 2500W

### OVERVIEW

The SO-2STD-3USB-SPK-BK is a black aluminum alloy pop-up outlet designed for installation in conference tables, reception desks, kitchen countertops, and similar commercial or hospitality surfaces. It integrates two AC receptacles, USB-A and USB-C charging ports, a Bluetooth speaker, and a wireless charging pad into a single 100–102 mm cutout.

The unit is rated for 110–250V input at up to 2500W and 16A, making it compatible with both North American and international electrical systems. The IP44 rating provides protection against solid particle ingress and water splashing, suitable for environments where occasional moisture exposure is a consideration. The included power cord measures 1.0 meter in length.

This outlet is UL Listed (File No. E504391) and is available in multiple socket standards including US, EU, UK, AU, FR, and Universal configurations. No warranty terms are specified in available documentation; consult your sales representative for current warranty coverage.
