

Pop-Up Outlet with 2 AC Sockets, USB-A/C, Bluetooth Speaker & Wireless Charging — IP44, 2500W

OVERVIEW

The SO-2STD-3USB-SPK-S is a silver aluminum alloy pop-up outlet designed for installation in conference tables, reception desks, kitchen countertops, and similar commercial or hospitality surfaces. It provides two AC sockets, USB-A and USB-C charging ports, integrated Bluetooth speaker functionality, and wireless charging — consolidating multiple utilities into a single 100–102 mm cutout.

The unit is rated for 110–250V input, 10–16A, and 2500W total load capacity. The 1.0-meter power cord allows for standard under-surface routing. An IP44 rating provides protection against solid particle ingress and water splashing, making it suitable for environments where occasional moisture exposure is a concern.

This outlet carries UL Listing (File No. E504391) confirming it has been evaluated to applicable U.S. safety standards. No warranty term is specified in the available source data.
